#### **1. PLAYERS**

- 1.1. Each captain shall nominate 11 players in writing prior to the toss taking place to either of the two appointed umpires. No player (member of the playing eleven) may be changed after the nomination without the consent of the opposing captain.
- 1.2. The captains must notify the umpires and the opposing captain of the age group of all players participating in an adult match who are in the under 19 age group or younger, even if the player is not a fast bowler. This requirement also covers any young player taking the field as a substitute fielder. The captains must also make sure that they are aware of all the restrictions and safety measures relating to these junior players as reflected in the By-Laws and General Regulations. Refer to Annexure B for Bowling Directives pertaining to underage players.
- 1.3. Every batter (regardless of age, skill or ability) **SHALL** wear a helmet when facing a fast bowler. (For simplicity, a bowler is defined as a fast bowler if the wicket-keeper is not standing up to the stumps when he is bowling.)
  - A helmet may be dispensed with, for players 19 years and older, when a spin bowler is operating.
  - For all batters under the age of 19 years, a helmet will be worn at all times.
- 1.4. All wicketkeepers (regardless of age, skill or ability) **SHALL** wear a helmet when standing up to the stumps. Players fielding close to (5m or closer) the batter **SHALL** also wear a helmet.
- 1.5. Any player coming onto the field of play as a substitute or bringing drinks and equipment, will be dressed in appropriate attire. This shall include long white pants, white closed shoes and white shirt with a bib. If a bib is not available, the player will wear a differently coloured top (this includes when such a player is off the field and near the boundary)
- 1.6. Replacement players will inherit any sanctions or dismissals from the player they replaced.

## 1.7. Captain

- 1.7.1. If at any time the captain is not available, a deputy shall act for him.
- 1.7.2. If a captain is not available to nominate the players, then any person associated with that team may act as his deputy to do so. A Coach and/or Manager, as well as a member of the Club's Executive Committee, shall count as being associated with that team.
- 1.7.3. At any time after the nomination of the players, only a nominated player can act as deputy in discharging the duties and responsibilities of the captain as stated in these Playing Conditions, including at the toss.

## 2. UMPIRES

### 2.1. Appointments Vested in CGLCUA

The appointment of official umpires to fixtures in the CGL competitions and sanctioned tournaments / festivals is delegated to the CGLCUA.

Where two umpires cannot be appointed and only one umpire is present, the appointed umpire shall assume full responsibility – the umpire shall stand at both bowlers' ends with a member of the batting team taking up the duties as the square leg umpire.

### 2.2. Captains to Appoint Unofficial Umpires

In the absence of official umpire(s) the captains shall appoint the umpire(s). If one official umpire is present the second umpire shall only umpire at square leg for the duration of the match

### 2.3. Unofficial Umpires to be Team Members

Umpires appointed by the captains must be members of the competing teams or holders of at least a Level 1 certificate issued by CGLCUA or an equivalent association. The term "team member" shall include the 12th man / woman and team manager. The umpires appointed in terms hereof are under the control of the captains insofar as the changing of umpires during an innings is concerned.

Umpires are expected to maintain the highest level of integrity. The CGLCUA has the power to revoke an umpire's accreditation should the umpire's integrity be questioned and proven unworthy.

### 2.4. Fitness of Ground

- 2.4.1. The umpires will be the sole judges of the fitness of the ground, weather and light conditions for play. In the absence of officially appointed umpire(s), the captains, not the umpires appointed by them, shall be the sole judges. In the event of a disagreement between the captains, the *status quo* shall remain and no play shall take place until they agree that conditions are good enough to allow it.

- 2.4.2. Laws 2.7 and 2.8 shall be replaced with:

- 2.4.2.1. If at any time the umpires, together, agree that the conditions of ground, weather or light are so bad that there is obvious and foreseeable risk to the safety of any player or umpire, so that it would be unreasonable or dangerous for play to take place, then they shall immediately suspend play, or not allow play to commence or to restart. The decision as to whether conditions are so bad as to warrant such action is one for the umpires alone to make. Umpires are to take existing policies regarding ground weather and light of the CGL and CGLCUA into consideration when making such decisions.

- 2.4.2.2. Play will also be suspended if one of the officially appointed umpires is of the opinion that play should be suspended due to the conditions of ground, weather or light.
- 2.4.2.3. The fact that the grass and the ball are wet and slippery does not warrant the ground conditions being regarded as unreasonable or dangerous. If the umpires consider the ground is so wet or slippery as to deprive the bowler of a reasonable foothold, the fielders of the power of free movement, or the batters of the ability to play their strokes or to run between the wickets then these conditions shall be regarded as so bad that it would be unreasonable for play to take place.
- 2.4.2.4. Conditions shall be regarded as dangerous if there is an actual and foreseeable risk to the safety of any player or umpire.
- 2.4.2.5. Conditions shall be regarded as unreasonable if, although posing no risk to safety, it would not be sensible for play to proceed. (eg. Extreme Heat, Extremely high winds)
- 2.4.3. The umpires shall disregard any shadow on the pitch from the stadium or from any permanent object on the ground.
- 2.4.4. When there is a suspension of play, it is the responsibility of the umpires to monitor the conditions. They shall make inspections as often as appropriate. Immediately the umpires together agree that conditions are suitable for play, they shall call upon the players to resume play.
- 2.4.5. If play is in progress up to the start of an agreed interval, then it will resume after the interval, unless the umpires together agree that the conditions of ground, weather or light are so bad that there is obvious and foreseeable risk to the safety of any player or umpire so that it would be unreasonable or dangerous for play to take place.

### **3. SCORERS**

- 3.1. Two scorers shall be appointed to record all runs scored, all wickets taken and number of overs bowled.

The appointment of scorers shall be done by the Central Gauteng Lions Cricket Scorers Association. If no scorers are available, the teams participating in the fixture will be responsible for supplying one scorer each.

### **3.2. Scoreboard**

Every Club Ground is required to have a scoreboard that shall be kept up to date at least at the end of each alternate over of an innings.

### **4. TOSS AND PLAYER NOMINATION**

The normal laws of cricket shall apply.

- 4.1. The captains shall toss a coin for the choice of innings on the field of play and under the supervision of at least one umpire, neither earlier than 30 minutes nor later than 15 minutes before the scheduled or rescheduled time for the start of play.  
Note, however, the provisions of clause 1.7 (Captains).
- 4.2. Before the toss may occur, at least 9 of the nominated players from each team must be present.

#### 4.3. Decision to be Notified

As soon as the toss is completed, the captain of the team winning the toss shall decide whether to bat or to field and shall notify the opposing captain and the umpires of this decision immediately.

Once notified, the decision cannot be changed.

#### 4.4. Forfeiture of the Toss and Possible Awarding of the Match

- 4.4.1. The team defaulting with regards to the number of nominated players present, at the latest time for the toss, will forfeit the toss.
- 4.4.2. In the event of overs being lost at the beginning of a Limited Overs match due to the late arrival of a team the following penalty shall apply.
  - If only one team defaults, they will lose all the overs lost due to the delayed start, from their innings.
  - No adjustment will be made to the Target score due this reduction of overs if the defaulting team bats second
  - The non-defaulting team will still receive the full quota of Overs unless overs are lost due to further interruptions in the match.
  - If both teams default, the overs for the match will be reduced in proportion to the time lost from the scheduled start up to the arrival of the first team. The overs that the later team will face shall be further reduced in proportion to the time between the arrivals of the teams.
- 4.4.3. After the forfeiture of the toss the defaulting team will be allowed a period not exceeding 30 minutes in a 20 Overs match or 60 minutes in all other matches to have the minimum number of players present before play will be allowed to commence.
- 4.4.4. If this requirement is not met the match will be awarded to the non-defaulting team.
- 4.4.5. If both teams default with regards to the minimum player requirements 30 minutes (20 Overs match) or 60 minutes (All other matches) after the latest time for the toss, the match will be abandoned, and a full report submitted by the umpires to the Administrator of the Umpires' Association and the captain of both teams shall submit a full report to the CGL League Administrator.

### 5. **THE BALL**

- 5.1. The ball to be used in the various leagues and competitions shall be approved by CGL prior to the commencement of the Leagues.

Any variation from the prescribed ball will not stop the match from taking place. The umpires will record the ball used on the result card and the office will take appropriate action at a later time.

#### 5.2. Spare Balls

**Each team** will supply six (6) used balls that shall be regarded as the spare match balls.

They shall be the required brand, weight and either two (2) or four (4) piece for the relevant league match being played.

- 5.3. The umpires shall retain possession of the match ball(s), including the spare balls, throughout the match.
- 5.4. During play the umpires shall periodically and irregularly inspect the condition of the ball and shall retain possession of it at the fall of a wicket, a drinks interval, or any other disruption in play.

## **6. BOUNDARIES**

In addition to Law 19 the following will apply:

### **6.1. Fielder grounded beyond the boundary**

#### **6.1.1. Law 19.5.1**

A fielder is grounded beyond the boundary if some part of his person is in contact with any of the following:

- the boundary or any part of an object used to mark the boundary;
- the ground beyond the boundary;
- any object that is in contact with the ground beyond the boundary;
- another fielder who is grounded beyond the boundary, if the umpire considers that it was the intention of either fielder that the contact should assist in the fielding of the ball.

#### **6.1.2. Law 19.5.2**

A fielder who is not in contact with the ground is considered to be grounded beyond the boundary if, prior to their first contact with the ball, their final contact with the ground was not entirely within the boundary.

This applies to any fielder who makes contact with the ball after it has been delivered by the bowler, whether or not the ball has previously been touched by another fielder.

- If a fielder's first contact with the ball does not contravene Law 19.5.2, that fielder may then jump from outside the boundary in order to make contact with the ball whilst airborne. After making contact with the ball once airborne, all subsequent contact with the ground by that fielder, until the ball becomes dead, must be within the field of play. Any subsequent contact with the ground outside the boundary by that fielder during that delivery, whether or not in contact with the ball, will result in a boundary being scored."
- If the ball is returned to the field of play, whether to another fielder or onto the ground, by a fielder who has jumped from outside the boundary, that fielder must land, and remain, within the boundary until the ball becomes dead.

Otherwise, a boundary shall be scored.

### **6.2. Boundary Measurements**

The aim shall be to maximize the playing area at each venue. With respect to the boundaries, the following measurements should be used, taken from the centre of the pitch.

- **Men's Cricket:** No boundary shall be longer than 90 yards (82.29 meters) or shorter than 65 yards (59.43 meters)
- **Ladies Cricket:** No boundary shall be longer than 65 yards (59.44 meters) or shorter than 55 yards (50.29 meters)

### Only in Limited Over matches:

Two semicircles shall be drawn on the field of play.

The semicircles shall have as their centre the middle stump at either end of the pitch.

The radius of each of the semicircles shall be as follows:

- **Men's Cricket:** 30 yards (27.43 metres)
- **Ladies Cricket:** 25.15 yards (23 metres)

The semicircles shall be linked by two parallel straight lines drawn on the field.

The fielding restriction areas should be marked by a continuous painted white line or dots at 5 yard (4.57 metre) intervals, each dot to be covered by a white plastic or rubber disc measuring 7 inches (18 cms) in diameter.

## **7. NO BALL**

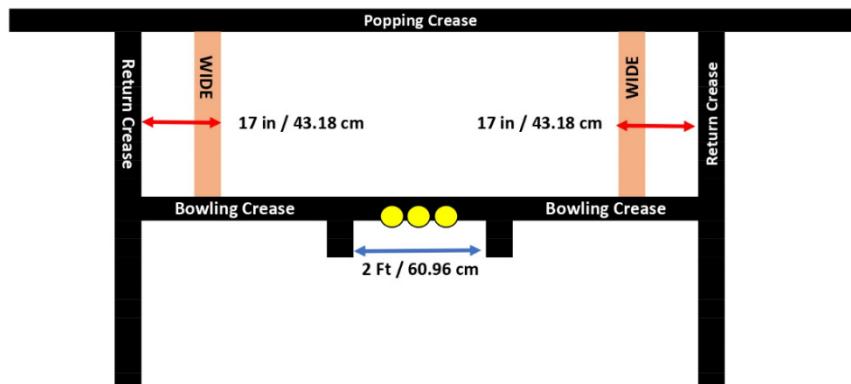

In addition to Law 21 the following will apply:

- ONLY where official CGL umpires are present, and
- ONLY in limited over matches.

- 7.1. The delivery following a no ball of any kind shall be a **Free Hit** for whichever batter is facing it. If the delivery for the free hit is not a legitimate delivery (any kind of no ball or a wide ball), then the next delivery will become a free hit for whichever batter is facing it, and so on until a legitimate delivery is bowled.
- 7.2. For any free hit, the striker can be dismissed only under the circumstances that apply for a no ball, even if the delivery for the free hit is called wide ball.
- 7.3. Field changes are not permitted for free hit deliveries unless there is a change of striker (the provision of clause 13 shall apply). If the No Ball was the result of a fielding restriction breach, the field may then be changed but only to the extent of correcting the breach.  
If there is a change of striker, any field change will be allowed.
- 7.4. The umpires will signal a free hit by (after the normal no ball signal) extending one arm straight upwards and describing a circle with the forearm.

## **8. WIDE DELIVERIES – For Limited Over Matches**

- 8.1. A line shall be drawn, 17 ins/43.18cms, in from the return crease and shall extend from the popping crease to the bowling crease. This line must be used as a guide to adjudge off-side wides only.

8.2. Umpires are instructed to apply very strict and consistent interpretation in this regard in order to prevent negative bowling wide of the wicket. Any delivery which passes to the leg side of the batters' legs while in his normal stance shall be called a wide.

8.3. Together with points 8.1 and 8.2 the revised interpretation of judging a wide according to law should also be considered. Law 22.1.1 now reads:

If the bowler bowls a ball, not being a No ball, the umpire shall adjudge it a Wide if the ball passes wide of where the striker is standing or has stood at any point after the ball came into play for that delivery, and which also would have passed wide of the striker standing in a normal batting position.

8.4. A penalty of one run for a wide shall be scored. The penalty shall stand in addition to any other runs which are scored or awarded. All runs which are run or result from a wide ball which is not a no ball shall be scored as wide balls.

8.5. A fast short pitched delivery which passes above the head of the striker standing in an upright position at the popping crease shall be called wide. However, the procedure as set out in clause 14.2.5 (Short pitched deliveries) shall apply, i.e. warning related to short pitched deliveries.

## **9. FIELDERS ABSENCE; SUBSTITUTES**

9.1. Law 24.1 shall be amended as follows –

The umpires shall have the discretion to allow, for any wholly acceptable reason, a substitute fielder to act for a nominated player; at the start of the match, or at any subsequent time.

9.2. Law 24.2.2 shall be replaced by the following:

If a fielder fails to take the field with his team at the start of the match or at any later time or leaves the field during a session of play for a period of longer than 8 minutes, the umpire shall be informed of the reason for his absence, and he shall not thereafter come to the field during a session of play without the consent of the umpire. The umpire shall give such consent as soon as is practicable.

Such a player shall not be permitted to bowl in that innings after his arrival or return until he has been on the field for at least that length of playing time for which he was absent. Any unserved penalty time shall be added to the length of time if the player goes off again.

The penalty time for such a player returning to the field of play shall **be limited** – Please refer to the specific match playing conditions for further details).

9.3. Penalty Time Carried Forward into Batting Innings

The player shall not be permitted to bat unless or until, on aggregate, he has returned to the field and/or his team's innings has been in progress for at least that length of playing time for which he has been absent (the penalty time for such a player returning to the field of play shall again **be limited**) or when his team has lost five wickets, if earlier.

#### 9.4. Penalty Time Not Incurred

- 9.4.1. The restrictions in clauses 9.2 and 9.3 shall not apply if the player has suffered an external blow (as opposed to an internal injury such as a pulled muscle) whilst participating in the match and consequently been forced to leave the field. Nor shall it apply if the player has been absent for a very exceptional and wholly acceptable reason.
- 9.4.2. In the event of the fielder already being off the field at the commencement of an interruption in play through ground, weather or light conditions or for other exceptional circumstances, any such stoppage time shall count as playing time, provided he personally informs the umpires when he is fit enough to take the field had play been in progress.
- 9.4.3. In the absence of official umpire(s) the captains, not the umpires appointed by them, should be personally informed.
- 9.4.4. Similarly, if at the commencement of an interruption in play through ground, weather or light conditions or for other exceptional circumstances, a player is on the field but still has some unexpired penalty time remaining from a previous absence, such stoppage time shall count as playing time.

- 11.2.2. Trial run up – A bowler is permitted to have a trial run-up provided the umpire is satisfied that it will not contravene either of Laws 41.9 (Time wasting by the fielding side) or 41.12 (Fielder damaging the pitch).

Punitive measures will be in the form of penalty runs. Refer to the Laws of Cricket for this.

## **12. THE WICKET-KEEPER**

Law 27.4.1 shall be replaced by the following:

After the ball comes into play and before it reaches the striker, it is unfair if the wicket-keeper significantly alters his position in relation to the striker's wicket, except for the following:

- movement of a few paces forward for a slower delivery, unless in doing so it brings him within reach of the wicket.
- lateral movement in response to the direction in which the ball has been delivered.
- movement in response to the stroke that the striker is playing or that his actions suggest he intends to play, however the provisions of Law 27.3 (Position of wicket-keeper) and 27.4 (Movement by wicket-keeper) shall apply.

### **15.1. Changing Condition of the Match Ball**

#### **15.1.1. Law 41.3 shall apply subject to the following:**

No person may apply ANY substance, including bodily fluids, with the exception of sweat, to any match ball at any stage while the match is in progress. This starts from when the umpires take possession of any match balls, including spare balls, until the conclusion of the match.

The umpire shall inform the other umpire, the captain of the fielding team and the batters at the wicket of what has occurred.

- If necessary, the over shall be completed by another bowler, who shall neither have bowled the previous over, or part thereof, nor be allowed to bowl the next over, or part thereof.

### **Batters Timed Out**

An incoming batter shall, on appeal, be timed out if he takes more than 1½ minutes in Limited Over match or 3 minutes in a Time cricket match, to come in, timed from the moment a wicket falls until he arrives at the wicket and is ready to receive the next delivery, or if not the striker, the striker is ready to receive the next delivery.

If the incoming batter or his partner is not in a position to receive the next delivery within the time limit above from the fall of the previous wicket, whether or not there is an appeal for “batter timed out”, then the action shall be regarded by the umpires as time wasting and the provisions of Law 41.10 shall apply.

In addition, the umpires will report the incident to the CGL.

## **17. OBSTRUCTING THE FIELD**

### 17.1. Refer to Law 37

### 17.2. In addition, if an umpire feels that a batter, in running between the wickets, has significantly changed his direction without good reason and thereby obstructed a fielder's attempt to effect a run out, the batter should, on appeal, be given out obstructing the field.

It shall not be relevant whether or not a run out would have occurred.

If the change of direction involves the batters crossing the pitch, law 41.14 (Batter damaging the Pitch) shall also apply.

## **18. STRIKER IN PROTECTED AREA**

Law 41.15 refers

- 18.1. The striker shall not adopt a stance in the protected area or so close to it that frequent encroachment is inevitable. The striker may mark a guard on the pitch provided that no mark is unreasonably close to the protected area.
- 18.2. If either umpire considers that the striker is in breach of any of the conditions in Law 41.15.1, and if the bowler has not entered the delivery stride, he shall immediately call Dead ball, otherwise, he shall wait until the ball is dead; he shall then inform the other umpire of the occurrence.

The bowler's end umpire shall then:

- warn the striker that the practice is unfair and indicate that this is a first and final warning. This warning shall apply throughout the innings.
- so inform the non-striker and each incoming batter.
- inform the captain of the fielding team and, as soon as practicable, the captain of the batting team of what has occurred.

- 18.3. If there is any further breach of any of the conditions in Law 41.15.1 by any batter in that innings, the umpire seeing the contravention shall, if the bowler has not entered his delivery stride, immediately call and signal Dead ball, otherwise, he shall wait until the ball is dead and then inform the other umpire of the occurrence.

The bowler's end umpire shall:

- disallow all runs to the batting side
- return not out batters to their original end
- signal No ball or Wide to the scorers if applicable
- award 5 Penalty runs to the fielding team
- award any other 5-run Penalty that is applicable except for Penalty runs under Law 28.3 (Protective helmets belonging to the fielding side)
- inform the captain of the fielding team and, as soon as practicable, the captain of the batting team of the reason for this action
- The umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending team and to the Governing Body responsible for the match, who shall take such action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

## **19. NON-STRIKER LEAVING HIS/HER GROUND EARLY**

Note Law 38.3.

Law 41.16 has been moved from Law 41 (Unfair Play) to Law 38 (Run Out), but the wording remains the same.

- 19.1. If the non-striker is out of his ground at any time from the moment the ball comes into play until the instant when the bowler would normally have been expected to release the ball, the bowler is permitted to attempt to run him out. Whether the attempt is successful or not, the ball shall not count as one of the over.
- 19.2. If the bowler fails in the attempt to run out the non-striker, the umpire shall call and signal Dead ball as soon as possible.
